CARES Act and AFP Esser Funding Guidance

In March 2020, Congress set aside approximately \$13.2 billion of the \$30.75 billion allotted to the Education Stabilization Fund through the CARES Act for the Elementary and Secondary School Emergency Relief Fund (ESSER Fund). In December 2021, an additional \$54.3 billion was allocated through the Coronavirus Response and Relief Supplemental Appropriation Act, 2021 (CRRSA) creating the ESSER II Fund. Additional funds were allocated through the American Rescue Plan (ARP Esser III) with a requirement that 90% of the \$122 billion be allocated directly to LEA's. The Department will award these grants to State educational agencies (SEAs) for the purpose of providing local educational agencies (LEAs), including charter schools that are LEAs, with emergency relief funds to address the impact that COVID-19 has had, and continues to have, on elementary and secondary schools across the Nation.

Peace at Home Parenting Solutions has created this synopsis to provide guidance on how LEA's can use these funds to secure the social emotional and mental health well-being for teachers, students and parents.

ESSER Funds

State Education Agencies will receive funding from the federal government as outlined below.

Education Total	CARES Act ESSER I March 2020	COVID Relief Package ESSER II December 2020	American Rescue Plan ESSER III March 2021

Governors	\$3	\$4	\$126
Deadlines	9/30/2022	9/30/2023	9/30/2023

In alignment with allocation under Title I Part A funding:

- Professional development that supports the provision of school-based mental health supports and services.
- Development of mental health supports and services within the school district and/or partnerships with community agencies to ensure that additional programming and supports can be provided to students, educators, and families

Should there be excess funding (remainder funding) LEA's that do not receive Title 1 Part A funding may be eligible for requesting ESSER funds through their SEA's.
